To whom it may concern:

Hidden Creek Golf Club and Bluffton Golf Club are offering Corporate Memberships to our area businesses and schools.

A minimum of five employee memberships is required to receive the discounted rate. An employee can upgrade from a single to a couple or family membership for an additional cost.

Family memberships include a spouse and all children who are students & still dependent on their parents.

A couple memberships can include your spouse or child, again a student dependent on parents.

All corporate memberships must submit payment at the same time.

Enclosed are our corporate membership forms and information.
